To whom it may concern,

It upsets me to hear that you could take K-LOVE off the air and give their air time to a LPFM station. K-LOVE helps me deal with everyday stress and brightens my day. The music is positive and encouraging. ALL the music and talk on K-LOVE is family friendly! There are too many "PG-13" or "R" rated radio programs out there already. You would be doing a great injustice to myself and my community by taking K-LOVE off the air. K-LOVE prays for people daily and helps them to cope with all kinds of problems. K-love must be doing something right or hundreds of thousands of people nation wide would not listen to or support the station. K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America. In closing I beg of you to preserve this family friendly, Christ centered, "G" rated station that hundreds of thousands of people and myself hold dear and value. I will keep this in my prayers.

God bless you,  
Keith M. Rooks
